

- PLEASE HELP ME SUPPORT THIS GREAT AMERICAN ENDEAVOR LISTED BELOW -

American Huey 369

Mission Statement

American Huey 369 Organization was formed for the specific purpose of Preservation and education of the UH-1 Huey and its impact and History on the Vietnam War. Our further mission is to pay flying tribute to All Veterans (especially Vietnam Veterans), Gold Star Families, and all Patriots. We will never forget our Veterans and the Gold Star Families that have given the ultimate sacrifice for their country.

Non-Profit Organization

American Huey 369 is a 501(c) (3) Charitable Non-Profit organization. It operates a Flying and Static Display (temporary) museum based in Peru, Indiana at the Grissom Aeroplex (Former Grissom AFB). We maintain three Vietnam era combat tested UH-1 Huey's. These Huey helicopters are available to participate in Patriotic events such as Veteran Reunions, Moving Vietnam Wall or Educational Events as well as Veteran honor ceremonies. www.americanhuey369.com

Why are we in need of a Capital Campaign?

American Huey 369 has operated for over 12 years solely on small member contributions and volunteer efforts. If we are to preserve this great flying legacy we will need to acquire enough funding to build Maintenance facilities, Storage hangars and general Hangar facilities as well as the property to build them on. In addition we have plans for Control tower facilities and a history center to include library and educational facilities. We anticipate the total cost including upkeep to be approximately 3 million dollars and that amount will build the National American Huey History Museum!

To donate go to www.missionofhonor.org or the American Huey 369 website
